

AMBASSADE DE FRANCE
EN AUSTRALIE

ENGLISH LANGUAGE ASSISTANTS

Language Assistant

- To assist an English language teacher in France
- For 7 to 9 months in metropolitan France or overseas departments

The assistant program enables 83 Australian nationals aged 20 to 30, who have completed at least 2 years of university studies, to go to France (including overseas departments to help in schools as **English language assistants**).

The position is for 7 to 9 months according to the type of school chosen (High Schools or Primary Schools). The person selected gets a monthly allowance of 940 euros per month.

The application form gives the opportunity to express a geographical preference for a posting in a region or city. Evidence to undertake some academic work in a specific university will increase the chance of an applicant to be granted that preference. The assistant is bound to 12 hours of duty in school per week, this affords some time to attend some courses but probably not a full study load. **Please note that the assistantship is not a university scholarship in disguise. It is a job and therefore attending to the duties of the job must come first.**

The deadlines for application are:

- **Guadeloupe, Guyane, Martinique, Réunion:** 11 December 2010 (posting from October 2011 to April-June 2012)
- **Metropolitan France:** 11 December 2010 (posting from October 2011 to April-June 2012)
- **New Caledonia:** 15 September 2010 (posting from March 2011 to the 31st of October 2011)

The application form can be downloaded from the website of the Embassy of France: www.ambafrance-au.org (see the "education" section and "Teaching assistant programs"). Our website also includes a list of grants and scholarships available for Australian students who have a study project in France and for French students who have a study project in Australia.

Only download the application file from:

<http://www.ambafrance-au.org>
